Technical drawing of a roof structure showing a cross-section. The drawing includes a vertical wall on the left and a sloped roof section. A dimension line indicates a height of 80 ± 2 . A label $4 \text{ об. } 7 \times 20$ with an arrow points to a small rectangular feature on the wall. Another similar feature is shown on the roof slope, also with an arrow pointing to the label. The drawing uses standard architectural line styles, including hidden lines for the roof's internal structure.

Technical drawing of a rectangular frame. The height is dimensioned as 150 ± 2 . The top and bottom horizontal members are labeled $S 0,55$. The left vertical member is labeled $6 \text{ об. } 7 \times 20$.
